

## Single Equality Statement (SES)

### 1 Introduction

We believe that all pupils and members of staff should have the opportunity to fulfill their potential whatever their background, identity and circumstance. We are committed to creating a community that recognises and celebrates difference within a culture of respect and cooperation. We appreciate that a culture which promotes equality in relation to all protected characteristics (age, disability, gender reassignment, marriage or civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation) will create a positive environment and a shared sense of belonging for all who work, learn and use the services of our school. Our commitment to equality and diversity is a fundamental part of our drive towards excellence.

We recognise that equality will only be achieved by the whole school community working together – our learners, staff, governors and parents in particular.

Throughout this Statement, 'parents' can be taken to mean mothers, fathers, carers and other adults responsible for caring for a child.

The school is committed to:

- dealing firmly with any incidents of discrimination, harassment and victimisation
- enabling equality of opportunity to access the school curriculum, extra-curricular activities, resources, staff vacancies, training opportunities etc
- recognising the value of a diverse and inclusive school community
- ensuring that staff and pupils within the school operate within the requirements of equality legislation and where necessary deal firmly with breaches of this statement and its principle through pupil and staff discipline procedures
- ensuring support is provided to pupils and staff where a formal complaint or grievance is submitted.

This Single Equality Statement sets out how our school intends to:

- eliminate discrimination, harassment and victimisation
- advance equality of opportunity, and
- foster good relations

in an all-inclusive and proactive way and in line with our duties under the Equality Act 2010. It also sets out how we will publish information and objectives to demonstrate our commitment to and compliance with the Public Sector Equality Duty.

The Statement is based on the core principles that its effectiveness will be determined by:

- active involvement with key stakeholders, not just in developing this Statement but also in its review and implementation
- proactive leadership
- prioritising activities that produce specific, tangible improved outcomes
- removal of attitudinal and cultural barriers.

The School's motto is "Learning Together, Achieving Forever", which was devised by the whole school community. This summarises our view that we all learn together regardless of protected characteristics.

## 2 Information gathering

We will collect a broad range of qualitative and quantitative information to monitor our policies and practice and to demonstrate our progress in equality, inclusion and community cohesion. Our single equality approach helps us to more effectively monitor our progress and performance, as our pupils and staff may face more than one barrier to achieving their full potential. We will consider the information we have collected about our school, where possible, in the context of national and county information.

The quantitative information we will collect is:

- local catchment area, demographics
- where information can be disaggregated by protected characteristics, for pupils:
  - admissions
  - attendance
  - achievement and progression
  - rewards and sanctions
  - participation in the school council
  - take up of extracurricular activities
  - complaints and incidents of discrimination or bullying

To ensure that individuals cannot be identified, we will not publish statistics for small groups of pupils, in line with the practice adopted by the DfE, neither will we publish information on staff as we have less than 150 and are therefore not required to do so.

The qualitative information we will use, but not limited to, is:

- school policies relative to prohibited conduct and avoidance of discrimination
- minutes of governor meetings evidencing discussion on equality
- understanding of children from different backgrounds
- policies relative to promotion of tolerance, friendship and an understanding of different cultures.

The most recent information collected by the school will be available on the school website and updated annually. The school will do its best to respond positively to requests for copies in paper form or alternative formats.

## 3 Using equality information

We use the information collected to

- evaluate how well we comply with all our duties under the Equality Act
- assess the potential and actual impact of policies and procedures
- decide where positive action may be appropriate
- identify priorities, set equality objectives and update our accessibility plan
- monitor progress towards meeting these objectives and implementing our accessibility plan
- inform future action.

Current information shows us that in Portway Junior School there are no significant issues that need to be addressed. We will nevertheless be constantly vigilant to identify and act in respect to any failures that emerge in our need to comply with this Statement.

The objective we have set for the next four years can be found at the end of this document.

This objectives included at the end of this Statement will be reviewed annually and updated at least every four years.

## 4 Involvement of staff, pupils, and parents

### a) Developing our Statement

The involvement of a diverse group of people has been instrumental in shaping our Single Equality Statement. We have strived to involve the full diversity of our school and community, recognising that people who share a protected characteristic are best placed to identify key issues for us to address.

In developing our Statement, we have involved staff, pupils, parents and others in the following ways:

- involvement of the student council
- staff discussions
- contact with parents
- contact with local community and disability organisations.

### b) Ongoing involvement

We have strategies in place to promote the participation of pupils, parents, staff and others in decision-making and in making a positive contribution to school life. We will embed equality and inclusion into these strategies so that learners, parents and others from diverse backgrounds are appropriately involved in shaping provision and improving practice. We will consult pupils, parents, staff and others where there is an individual need or requirement to do so and seek expert advice where it is difficult for us to respond positively.

We will ensure that outcomes from all involvement activities inform the action taken by the senior leadership of the school.

## 5 Monitoring and evaluating the Single Equality Statement

We will regularly monitor and evaluate the implementation of our Single Equality Statement and our objectives.

We want this Statement to be a 'whole organisational' document that drives forward equality and achieves improved outcomes. As such, our progress will have regular oversight by the senior leadership of the school and the governing body.

We will formally review, evaluate and revise this Single Equality Statement and our objective every four years. This process will again involve staff, learners, parents and others who reflect the full diversity of the school community.
